Dear Supervisors:

**FY 2006-07 OLDER AMERICANS ACT (OAA) ONE-TIME-ONLY (OTO) FUNDS
AREA AGENCY ON AGING (AAA) PROGRAMS CONTRACT AMENDMENTS
(ALL SUPERVISORIAL DISTRICTS) (4-VOTES)**

IT IS RECOMMENDED THAT YOUR BOARD:

Authorize the Director of Community and Senior Services (CSS), or designee, to execute contract amendments in substantially similar form to Attachment A for Older Americans Act (OAA) One-Time-Only (OTO) funds received from the California Department of Aging (CDA). The amendments will be executed with the twenty (20) service providers shown on Attachment B in the amounts indicated for the provision of nutrition, family caregiver, supportive services and care management services, effective the date of Board approval through June 30, 2007. This request is made because the OAA OTO funding amounts allocated to each service provider exceed 25% of each provider's original contract amount and the Director of CSS' delegated authority.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

Background

In October 2006, CSS received notification from the CDA of the availability of FY 2006-07 OAA OTO funds. A memorandum was issued by CSS to OAA-funded service providers on October 23, 2006 to inform the providers of the available OAA OTO funds. On December 21, 2006, CSS requested providers formally submit their requests for this funding; providers were allowed to apply for three (3) categories of requests including temporary services, equipment and special projects. The requests were received from the service providers by January 24, 2007, and CSS and the CDA completed the review and authorization process in March 2007. Special considerations were used in

determining the allocations for temporary services; these allocations were based on the agencies' performance for the first six (6) months of the fiscal year.

On June 20, 2006, your Board authorized the Director of CSS, or designee, to accept future OAA funding augmentations from the CDA and execute contract amendments provided that the amount of the change does not exceed 25% of the original contract amount. The Department used its delegated authority to accept this additional OAA OTO funding and to execute contract amendments with the 32 service providers shown on Attachment C in the amounts indicated.

Recommended Actions/Consequences

The Department requests the authority to execute amendments with the 20 service providers whose funding exceeds 25% of their original contract amount. The recommended actions will enable CSS to execute contract amendments for enhanced program services as outlined in the Fiscal Impact/Financing section in an effort to expend the OAA OTO grant funds by June 30, 2007. In the event that these funds are unexpended, they cannot be carried over to the subsequent fiscal year, and any unexpended funds must be returned to the CDA.

Performance Measures

In compliance with the funding agency requirements, CSS has developed performance standards that measure the following:

- The percentage of participants that meet the criteria for senior (age 60 or older), ethnic minority, low-income and/or disabled adult;
- The percentage of participants that report improved social functions and emotional well-being; and,
- The percentage of participant caregivers whose ability to provide care has increased or improved as a result of the services provided.

Implementation of Strategic Plan Goals

The recommended actions support the following Countywide Strategic Plan Goals:

- Goal 1 (Service Excellence), which provides the public with easy access to quality information and services that are beneficial and responsive to our eligible service population.
- Goal 3 (Organizational Effectiveness), which ensures that service delivery systems are efficient, effective and goal-oriented.
- Goal 4 (Fiscal Responsibility), which ensures that the County's fiscal capacity is strengthened by grants received from other funding sources.
- Goal 6 (Community Services), which improves the life for Los Angeles County residents including those in unincorporated communities by offering a

collaboration of coordinated services that are responsive to each community's specific needs.

FISCAL IMPACT/FINANCING

The total funding provided by CDA is \$3,146,622. The funding available for the contract agencies is \$2,870,497, which fully finances program services indicated in Attachments B and C. CSS is currently working with the CDA to identify projects or services targeted for caregivers that will utilize the remaining \$276,125. As such, there is no fiscal impact on the County's General Fund. The allocation of OAA OTO funding will be used to enhance nutrition, family caregiver, supportive services, and care management services.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The contract amendment in Attachment A has been approved as to form by County Counsel. The dollar amounts of the contract amendments for the service providers identified on Attachment C do not exceed 25% of the original contract amounts, as authorized by your Board on June 20, 2006.

CONTRACTING PROCESS

The service providers selected for funding have clearly demonstrated the capability to provide the services outlined herein (e.g., nutrition, family caregiver, support services and care management services) and their performance justifies the contract amendments. All of the service providers identified for funding are in compliance with the County's contract requirements.

The selection of service providers was based on the requests submitted to CSS. A multi-functional team consisting of fiscal, program and contracts staff was convened to review each request. Approval and/or denial of requests was made based on the service provider's history and performance as well as its justification for the request(s). In an effort to ensure consistency and accuracy in reviewing each request, multiple reviews were conducted; in cases wherein a request was denied, the appropriate justifications were conveyed to the service provider. Additionally, special project requests were submitted to the CDA for final authorization and approval as mandated by the State's program requirements; approval/denial of this type of request was contingent upon the CDA's review.

Monitoring

Program monitoring of all service providers is performed annually and includes administrative and program reviews to ensure contract compliance. Monitoring is accomplished through the Department's in-house Contract Compliance Division. Fiscal monitoring is conducted twice a year by an approved vendor procured through the Auditor-Controller's Master Agreement.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The recommended actions will give CSS the authority to provide additional funding to community-based contract agencies that provide nutrition, supportive services, and other enhanced program services identified under the OAA and within contract authority. Through OAA OTO funds, the Department is able to provide critical program operations that enhance services to older adults and their caregivers Countywide.

Respectfully submitted,

CYNTHIA D. BANKS
Director
